As per the requirements of Qatar Market. Multicon Trading Co. engages trading of various items like Electrical, Lightings, Plumbing, Safety, Tools, Power Tools, Gypsum, Tiles, etc. Over the years, our experience in this field has helped us to understand the customer requirements and provide them with the best products. Our product range caters to most of the requirements in Qatar's construction industry.

Multicon provides the services in Electrical, Plumbing, Carpentry, Painting and Construction field. We deal in all maintenance related works.

Multicon is offering a unique service to clients from which they can get complete maintenance solution in single roof by developing the reputation as a qualified, reasonably priced and trusted service provider.

MAN POWER SUPPORT

CIVIL	ELECTRICAL	MECHANICAL
Mason(Block, Concrete, etc.)	Electrical Foreman	Plumbers
Finishing Carpenters	Building Electrician	Pipe Fitters
Tile Fixers	Industrial Electrician	Mechanical Fitters
	Electrical Helpers	A/C Duct Erectors

To keep any building looking its best and operating at peak efficiency, ongoing maintenance is vital. Every building is different, designed for different uses and managed in different ways. It is therefore essential to have a maintenance provider who can focus on those maintenance activities that provide maximum value and have the necessary resources to react quickly to your specific needs.

Our highly trained, directly employed maintenance teams offer service solutions to minimize downtime. Available 24/7 for emergency response and planned and unplanned maintenance works; we encompass all the deliverables that enables your business to run smoothly and seamlessly allowing you to concentrate on your core activities.

From commercial premises or property estates to industrial plants, whether it be heating, air conditioning, lifts, internal or external decoration, waste management, fire systems, floors, grounds or lighting, GoldenBridge can carry out regular and planned preventative maintenance through to reactive services across your property portfolio. We deliver our services on single sites as well as multiple site locations.

Our services are delivered by highly skilled, competent and dedicated teams covering a variety of trades including combustion engineers, lift maintenance technicians, painters and decorators, electricians, plumbers, plasterers and glaziers. Improving efficiencies, reducing costs.

ENGINEERING AND MAINTENANCE

A well-maintained workplace can create the right impression, improve employee efficiency, and reduce your operational costs. As a proven leader in building maintenance, GBTC has provided unparalleled attention to detail since the formation. We satisfy even the most demanding clients, including many Fortune companies, luxury hotels, trophy office properties, colleges & universities, private schools and corporate facilities.

SUSTAINABLE

Solutions that balance the health of our assets eco-system with the environmental realities that impact the built environment.

INTEGRATED

Sophisticated service offerings which reduce inefficiencies and increase the effectiveness of your asset.

CREATIVE

Leveraging our knowledge center and human capital by working in partnership with our clients to secure your asset for the future.

COMMITTED

Driven to satisfy our client's dynamic needs by creating sustainable solutions that exceed expectations.

At GBTC, we understand what it takes to make your facility sustainable over its entire life.

We are committed to implementing innovative solutions throughout a facility's life cycle to ensure good maintenance remains affordable for our clients, protects against premature obsolescence and provides for environmental sustainability.

GBTC provides a wide range of independent and integrated services to support general building maintenance, utility operations and business support functions.

Our maintenance team comprises of general and specialized personnel to offer planned preventive maintenance and emergency response services. Our team of AC technicians, plumbers, carpenters, electricians and painters are deployed to provide appropriate solutions while adhering to international standards of QHSE (Quality, Health, Safety and Environmental) controls.

With clients from both the private and public sectors, we pride ourselves in delivering bespoke services and meeting our customer's requirement.
